

ORIGANE-HASU

LED Path Light . Origane Series

Product Features

- The Origane series adds a stylish and unique dynamic to any outdoor landscape while conserving Earth's natural resources.
- Hasu pronounced ('ha-sue') is the Japanese word for Lotus. Its striking, angled edges conjure up the image of the iconic lotus flower, ready to proudly decorate any landscape or garden.
- ETL outdoor wet location listed. IP65 standard.
- Provide safe illumination of path without glare.
- Static style comes in 12V or line voltage models.

Origane series introduction

- Most of us are familiar with Origami, but not everyone has heard of "Origane", the Japanese art of folding metal. HK Lighting Group presents the latest fixtures from forward-thinking designer Hiroshi Kira: the ORIGANE Series.
- Upon seeing the leftover unusable material after building a fixture, Mr Kira became determined to incorporate the potential scraps into the design and the ORIGANE Series was born. Rather than cut away the "excess" sheet metal, Mr Kira folded the metal into unique shapes that create a stunning aesthetic while providing the utmost in functionality.

Specification

Materials:
LED casing bracket/housing - acrylic.
Top Shield: Aluminum T6 6061 with stained glass (optional)
Stem: Brass or Aluminum.

Voltage: 12V , 120V or 230V.

Wattage: 5W LED.

Dimmability: MLV/ELV @12V, phase dimming @120/230V.

Finish: Polyester powder coat on all aluminum materials with RoHS compliant procedures. Anodized finish is available. Stainless steel and brass models are provided with brushed surface.
